ATLANTA CHALLENGE TEAM BUILDING PRICING

How does the rate chart work?

Each event shows the rates for different size groups. Simply find the correct column for your group size, and multiply that rate times the number of people in your group. That's it! No other fees, taxes or charges (unless we're traveling or doing custom work).

Size	<15	15+	35+	50+	75+	115+	160+	225+
iPads	\$1,200	\$80	\$77	\$74	\$71	\$68	\$65	\$62
BYOD	\$975	\$65	\$62	\$59	\$56	\$53	\$50	\$47

$$\text{your group} \times \text{per person rate for the program} = \text{your total}$$

What if a group is smaller or larger than what's listed?

In most cases, if your group size is under a certain size then a flat rate applies.

If your group is over the largest number in the rate chart, we will provide you with a custom rate. Give us a call, it will only take a moment.

Why are the rates so good?

Because we're actually based right here in Atlanta. Our rates are not padded to include the cost of flying in staff and materials for every event. You get a fully facilitated event for much less than the out-of-town companies, who often pretend that they're local.

Want help narrowing down the options? Call us for a hand-picked list of team building ideas. 404-848-1001
